ABOUT CAREFREE

CareFree Boat Club CT gives you the opportunity to enjoy boating without any of the headaches that come with boat ownership. Envision the perfect summer day. Whether you're fishing with your friends, cruising on the water with family, exploring historic harbors, or throwing the anchor & soaking up the sun as you drift in peace, let Carefree Boat Club help your vision become reality. New to boating? No worries! Our industry expert Captain with over 30 years of experience will give you unlimited on-water training to get you comfortable with different types of boats.

WHAT TO EXPECT

As a club member, when you come down to the dock with your family and friends a clean boat is ready to go. Our dock staff even warms the engine before you get there. Head out and enjoy yourselves! We are there to help you dock and sign you out. Boating doesn't get any easier than this!

THE PROCESS

Simply Reserve Your Boat, Show Up, And Have FUN!!! Leave the rest to us. As a member, you won't find yourself cleaning the salt, sand and fish guts off a boat.

Our Clinton location is nestled in this beautiful marina that was honored to receive Marinas.com “Elite Fleet” award. Only 20 other marinas in the United States got this award, which puts it in the top .2% of best marinas in the United States

What members have to say

Joe C : Completing my third full year as a member. I can't say enough good things about this club. From the owners to the staff, the level of service and how we are treated is exceptional. We have made countless memories as a family. The quality of the fleet continues to improve every year and the boating experience is really great overall. Pulling into the dock and walking away is truly a "Care Free" experience. Cedar Island is also a perfect spot with great access to Long Island Sound. The facilities are also top notch. I highly recommend this club and would hesitate to recommend it to anyone looking to get on the water!

Anthony G : I have never been to a more organized boat club than Clinton's Carefree boat club! All of the staff members were so kind and hospitable. Its very easy to get out on the water, the boat is ready when you arrive and all gassed up. We caught some fish and grilled it right on the boat! Ace was very helpful when we signed up, I recommend this club to all.

Joseph M : I owned a boat for many years and when it was time to look into getting another boat, I heard about the Carefree Boat Club. A friend of mine and myself did a little investigating to find out more information. We looked into the other boat club and wanted to compare. After attending the open house for Carefree Boat Club, we decided to become members. We have been going out fishing as well as just going out for a nice boat ride almost every weekend. It is so convenient. We set up a date and time to reserve the boat online and when we arrive, we are greeted by one of the staff. The boat is all set and ready to go. When we return, we call into let the staff know that we are coming in and they are waiting for us at the dock. After docking, they clean up and wash down the boat while we are on our way home. Great way to enjoy boating without all the hassles. In addition, we have been catching a lot of fish. Nothing like fresh fish on the grill the same day that you catch it. Something everyone should look into if you are looking into getting a boat. It is extremely cost effective, easy, and convenient.

Jeffrey G : Great staff with beautiful boats! Truly a carefree experience

Miguel S : Great value and service from Tara arranging my tour of the dock to Eric handling my boat training. Highly recommend joining even if you have no experience in boating given that training is included in your membership. This is
